ORGANIZATIONAL CHART

The Criminal Justice Planning Agency is staffed with an Executive Director who oversees the office operations.

Below the Executive Director are Program Coordinators who manage and administer the various grants awarded to CJPA by the US Department of Justice.

The Administrative Assistant assists the office with basic office operations, such as clerical duties, the routing of documents, and assists in the processing of documents pertinent to the procurement of everyday office needs.

Outlook

CHALLENGES

The Criminal Justice Planning Agency (CJPA) receives funding from local appropriations and federal grants. Additional funding is required to enhance personnel capacity and improve daily operations by eliminating unallowable cost items on several federal grants.

The Criminal Justice Planning Agency currently operates with a team of four dedicated staff members. The team comprises Executive Director Paul Tenorio, Program Coordinator Dominique V. Cervania, Program Coordinator Konrad M. Reyes Jr, and Administrative Assistant Francine R. Palomo. As the organization aims to expand its impact, there is a pressing need to recruit additional staff. This expansion is crucial for increasing grant applications and enhancing the support provided to our sub-grantees. Notably, two of our program coordinators departed at the end of FY23, and another left during FY24.

AGENCY HIGHLIGHTS

CJPA staff received training to perform their draw-downs on federal awards, and two of our staff members attended training on Introduction to Governmental Accounting and Reporting. These types of training are essential to ensure that our office continues to adhere to strict guidelines on federal awards and manage each award efficiently. The VOCA Program Coordinator and our Executive Director got to attend the 2024 National VOCA conference. The VAWA Program Coordinator got to attend the conference on Crimes against women as well as the National Sexual Assault Conference. CJPA also attended the Sexual Assault Awareness Month Proclamation Signing and the Domestic Violence Awareness Month Proclamation Signing.

Our office has a history of managing federal funding for awards such as the Edward Byrne Memorial Justice Assistance Grant (JAG), Victims of Crime Act (VOCA), Violence Against Women Act (STOP), Sexual Assault Services Formula Grant Program (SASP), and the Office of Juvenile Justice and Delinquency Prevention (OJJDP) Title II Formula Grant Program. Recently, we applied for and received funding for dormant awards. CJPA was awarded \$313,977.00 for VOCA, \$620,521.00 for STOP, \$256,793.00 for SASP, \$121,280.00 for RSAT, and \$20,895.00 for the John R. Justice Grant Program (JRJ). CJPA is currently awaiting a determination from JAG and OJJDP for the FY 2024 Awarding. The Residential Substance Abuse Treatment (RSAT) award is designed to support the CNMI Department of Corrections in running a program to help incarcerated substance abuse offenders overcome their addiction and successfully reintegrate into society. In FY24, our office secured additional funding for the RSAT Grant to ensure the continuation of this crucial program. Additionally, we obtained \$1 million for the National Criminal History Improvement Program (NCHIP) to enhance the Criminal Justice Information System (CJIS) by connecting information systems for all law enforcement and criminal justice agencies in the CNMI. Currently, we are in the initial stages of the NCHIP project, seeking proposals from contractors specializing in cloud-based data infrastructures. Despite the CJIS project's initiation in the early to mid-2000s, the network never fully materialized to reach its full potential. Recognizing the technological advancements of the past two decades, we are committed to leveraging these technologies through the 2024 NCHIP Funding.

Outlook

LOOKING AHEAD

CJPA will continue to collaborate with various government agencies, private entities, and federal agencies. We will explore innovative ways to support our sub-grantees and the community through collaboration. A key focus for FY25 and beyond is to hire a dedicated CJIS Network Administrator to oversee the CJIS project as well as more Program Coordinators to help with the workload of our current Program Coordinators. It is an understatement to say that the CJIS network project is crucial for improving the criminal justice system in the CNMI. It cannot be emphasized enough that the establishment of a full-fledged CJIS network in the CNMI is long overdue. Moving forward, our office aims to enhance collaboration with our federal partners, local law enforcement, and criminal justice agencies to ensure that our mission of improving the criminal justice system remains a constant focus.

CJPA is working to streamline and improve its processes and procedures in order to better support our sub-grantees and stakeholders. We are seeking guidance from our federal partners, such as the US DOJ Territories Financial Support Center (TFSC) and the Coordinated Assistance to States (CCAS) so that our staff remains equipped to assist our subgrantees.
